Continuing Education Award Application instructions

All members of the Fort Worth Chapter ONS are invited to apply for a scholarship through the Continuing Education Award. Applicants must be a member of the National ONS and a member of the FW ONS for a minimum of one year. The completed application and a copy of the Conference/program brochure should be mailed, faxed or emailed to the name and address on the application form (page 1).

Scholarship awards are decided by a simple majority of the ONS Fort Worth Chapter Board. Selection of qualified applicants is based upon the applicant's involvement in ONS, such as attendance and participation in Chapter activities, involvement in cancer related activities, and the amount of scholarship money available. Award monies **will not be paid** until the recipient has attended the event and proof of attendance has been determined.

Award recipients are **required** 1) to make a short presentation at a general Chapter meeting (written or verbal) **and** 2) write a brief article about the program for publication in the Chapter newsletter.

After attending the program, the Award recipient should send proof of attendance to the ONS FW Chapter treasurer. A check will be issued for the award amount to the recipient at that time. Please provide a receipt for all expenses you wish to apply toward the Award total. ONS cannot pay for time off from your job or other taxable services.
